## Using a VPN to Watch Portugal vs Spain Live

If you're travelling abroad or facing geo-restrictions on your usual streaming service, a VPN can help you access coverage from your home country. The general steps are straightforward:

- **Choose a reputable VPN** — sign up and install the app on your streaming device
- **Connect to a server** — select a location where the match is being broadcast
- **Clear your cache** — refresh your browser so your new location registers correctly
- **Start streaming** — log into your broadcaster's app or website and watch live

## Match Preview: What to Expect

Portugal reached the Round of 16 with three wins and two draws from their last five matches, most recently edging Croatia 2-1 thanks to a stoppage-time header from Gonçalo Ramos. Cristiano Ronaldo continues to headline team news, having scored from the penalty spot against Croatia.

Spain arrive in dominant form, having won four of their last five matches and kept a clean sheet in every game at this World Cup so far, including a 3-0 win over Austria in the previous round. Mikel Oyarzabal has been directly involved in five of Spain's eight goals at the tournament.

The two sides met most recently in the 2025 UEFA Nations League final, which Portugal won — giving the Seleção a psychological edge heading into this knockout clash in Dallas.

## Frequently Asked Questions

### Where can I find Portugal vs Spain live streaming in the USA?

In the United States, the match streams live on Fubo, Sling TV, Peacock, and Fox One, with TV coverage on FOX, FS1, and Telemundo.
